EASY INSTALLATION

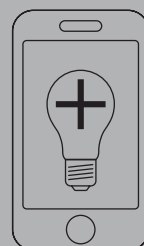

STEP 1

Install the Calex app on your phone or tablet

STEP 2

Install your smart items and add it to the Calex app

STEP 3

Manage your items wherever you are

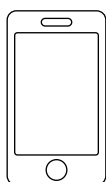

**Download the
free Calex app**

Available for
iOS & Android

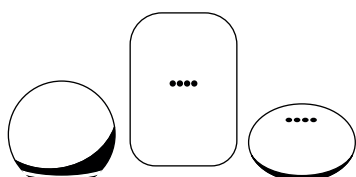

SPEAK UP!

Works with app

The Calex Smart items are super easy to operate with the free Calex App.

Works with voice command

Call out what you want your Calex Smart product to do for you.

VOICE COMMAND

The voice control function on most of our smart bulbs and devices lets you control them with spoken commands.

Use your voice to change the settings of your bulbs or simply activate your items. Please note, not all items have this function.

Please check the packaging of the product for compatibility with voice command.

MAKE YOUR OUTDOOR LIFE SMARTER

Enjoy endless possibilities with a variation of stylish lighting solutions for your garden. Classic, modern, industrial, Calex has got you covered! The Bluetooth Mesh technology ensures robust connectivity, allowing you to control even distant fixtures without worrying about signal strength. Plus, the integration of smart technology adds an extra layer of energy efficiency to your outdoor lighting setup. You can schedule lights to turn on and off at specific times, saving energy and enhancing security by simulating your presence when you're away.

CALEX SMART OUTDOOR - LINK, PLUG & ADAPTER

Smart Bluetooth Mesh Link
Art. # 59 01 0003 00
EAN 8712879150053
Plug-in
Gateway

The power of bluetooth mesh

A bluetooth mesh network consists of a hub and one or more bluetooth mesh devices which pick up and extend the signal as long as they are within range of each other (max. 15 m). Thus greatly improving the range outside your home.

All it requires is having the calexLINK hub set-up within your local WiFi (2.4 GHz) network. The calexLINK connects WiFi to Bluetooth.

The calexLINK is sold separately.

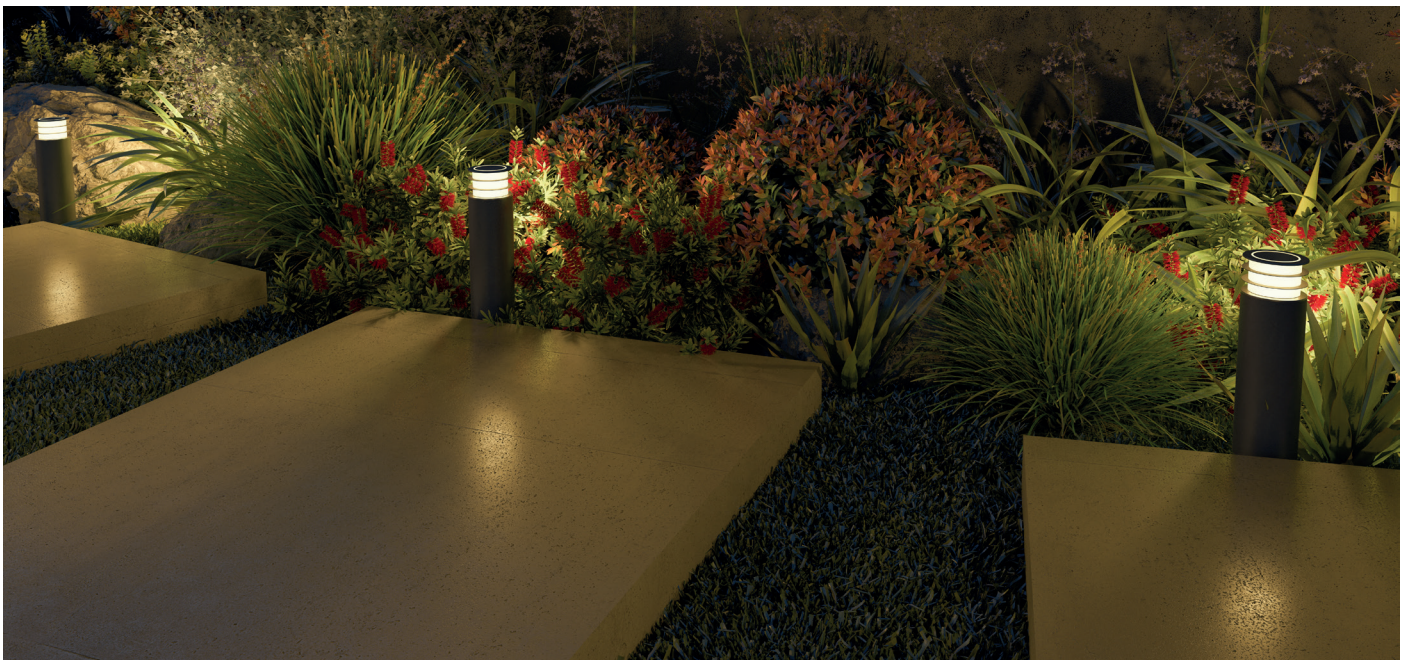

All-in-one App

The 'calexLink' is fully integrated with the Calnex Smart App, easy to install in 3 steps and works with Amazon Alexa, Google Home and Apple's Siri Shortcuts.

Download the app

Scan the qr-code or search for Calnex Smart in the store to download the free app for smartphones and tablets to control Calnex Smart products.

~ max. 15 m

SMART BULBS

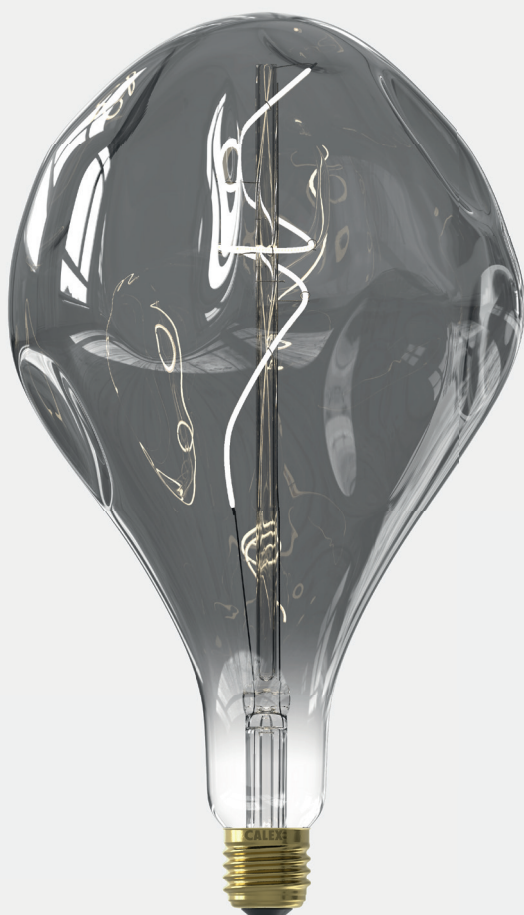

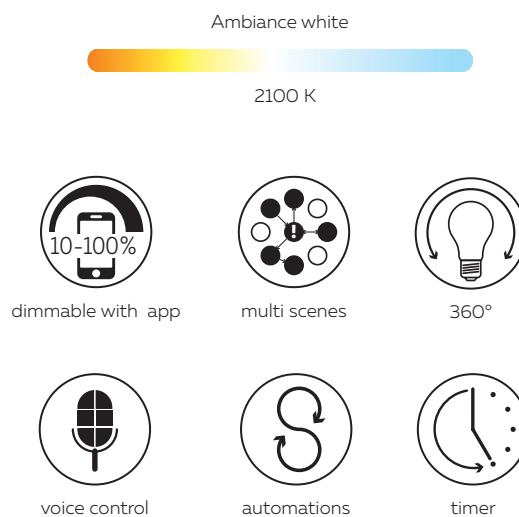

- DECORATIVE & REGULAR BULBS

In the ever-evolving world of smart home technology, decorative smart light bulbs have emerged as a delightful fusion of aesthetics and functionality.

These innovative light bulbs not only illuminate your living spaces with a captivating glow but also offer the convenience and control that modern homeowners crave. Whether you're aiming to create a cozy ambiance, set the mood for a party, or enhance your home's overall appeal, decorative smart light bulbs are the perfect solution.

Seamlessly control your decorative smart light bulbs from your smartphone or smart device. Through dedicated apps or voice assistants like Amazon Alexa, Google Assistant, or Siri, you have the power to switch colors, adjust brightness, and set schedules from anywhere.

KEEPING TRACK!

Never lose track of your valuable belongings again with the Smart Tag. This small, sleek, and powerful device is designed to help you keep tabs on your most important items, from keys and wallets to bags and backpacks. The Smart Tag uses bluetooth technology and the Find My app to pinpoint the exact location of your items. You'll always know where your essentials are, whether they're nearby or far away. The Smart Tag comes with a replaceable CR2032 battery that lasts for up to a year, ensuring your peace of mind without frequent battery replacements.

Beyond convenience, Calex smart plugs also provide a notable benefit for energy management. By being able to remotely turn off devices that are not in use, you can significantly reduce energy consumption with the built-in energy meter in our newest smart plug.

In fact, these smart plugs have the potential to contribute to up to 40% savings on your energy bill. This not only benefits your wallet but also aligns with eco-friendly practices by reducing unnecessary energy usage.
